8* MOTION- ROAD MAINTENANCE SYSTEM

Mr. Speaker Sir, I beg to move the following motion;

THAT, Aware that County transport, including County roads is a function of the County Government as stipulated in Part 2 of the Fourth Schedule of the Constitution of Kenya, 2010; **Noting that** with an objective of improved road network and interconnectivity within the County through upgrading of County Roads to gravel standards, the County Government leased the heavy machines; **Concerned that** the leased machines take long to grade roads in one ward before proceeding to the next programmed ward; **Further concerned that** at times some wards require emergency cases for grading and gravelling of roads; this House **urges** the County Government to:

1. Establish a road maintenance and improvement mechanism system that is convenient for the whole County taking into consideration time that it takes in one Ward;
2. Set up County Road emergency response system that is well equipped to help wards and or the County in times of need

(Hon. Peter Thomi, MCA Representing Githiga Ward)
