1. Administration of Oath
2. Communication from the Chair
3. Messages
4. Petitions
5. Papers
6. Notices of Motions (As listed in the appendix)
7. Statements

8* MOTION- ADOPTION OF THE REPORT ON THE ANNUAL DEVELOPMENT PLAN 2024-2025

Honorable Speaker, I beg to move the following motion;

THAT, this Assembly adopts the report by the Finance and County Planning Committee on the Laikipia County Annual Development Plan for the financial year 2024/2025 dated 24th October 2023.

(Hon. Stephen Ndiritu, Chairperson, Finance and County Planning Committee)

***Denotes Orders of the Day**

……/ Appendix

APPENDIX

1. **NOTICES OF MOTIONS**

a. **Notice of Motion- DEMARCATION OF KANDUTURA PLOTS**

Noting that land is critical to the economic, social, and cultural development of Kenya; **Aware that** it's a government policy to regularize ownership of land where people have lived for longer years without ownership documents; **Further aware that** section 12 of the Land Act, No. 6 of 2012 stipulates that the National Land Commission may, on behalf of the National or County Governments, allocate public land through a prescribed format; **Further noting that** issuance of ownership documents will ease development in the area and encourage investors through construction in accordance with the Physical Planning Act; this House **urges** the County Government to move with speed and regularize and demarcate Kandutura plots (LR No. 556/154).

(Hon. Sammy Lekopien, Member of County Assembly Representing Sosian Ward)

b. **Notice of Motion- FUNDS TO BE SET ASIDE FOR THE REHABILITATION OF ROADS AFTER THE ELNINO RAINS**

THAT Noting that elnino is a climate phenomenon characterized by periodic warming of sea surface temperatures in the central and eastern equatorial Pacific Ocean and this above average warming of the ocean temperatures causes changes in weather patterns, such as increased rainfall in the East African region; **Further noting that** the elnino rains have began across the country and have caused tremendous damages including deaths through flash floods in various parts of the country; Aware that during extreme weather events transport infrastructure can be directly or indirectly damaged, posing a threat to human safety, and causing significant disruption and associated economic and social impacts; **Further aware that** heavy rain usually causes overland flow that result in drainage systems exceeding their capacity, and therefore increasing the likelihood of being blocked by debris and trash;

……/ Appendix

APPENDIX

Cognizant of the fact that flood events affect the transportation network and its connectivity by reducing, deviating, or canceling travel for passengers, goods, and services due to roads being submerged, closed and unsafe for travel; This Assembly **urges** the County Government to set aside Kshs 30Million emergency funds to be distributed at Khs 2Million per ward for rehabilitation of all roads that will be damaged by the effects of elnino rains.

(Hon. Daniel Mugweru, Member of County Assembly Representing Umande Ward)
