APPENDIX

1. NOTICE OF MOTIONS

a. Notice of motion- (Hon. Mary Samken)

Noting that In Kenya, cancer is estimated to be the third leading cause of death after infectious and cardiovascular diseases; **Further noting that** according to World Health Organization 2014 Non-Communicable Diseases Country Profile, cancer is the second leading cause of death accounting for 7% of overall national mortality after cardiovascular diseases; **Aware that** section 32 of Cancer Prevention and Control Act of 2012 stipulates that every County Government, in collaboration with the National Cancer Institute of Kenya, shall conduct an educational and information campaign on cancer prevention, treatment and control within its area of jurisdiction in the manner contemplated under sections 29, 30 and 31 of the said Act; **Concerned that** Prevention offers the most cost-effective long-term strategy for the control of cancer; this House urges the County Government to work with the National Government and all other stakeholders to

1. Initiate a program to conduct educational and informational awareness on cancer prevention, treatment and control.
2. Initiate and provide comprehensive cancer prevention and population based early detection services (cancer screening) to ensure that there is effective, coordinated work to improve cancer prevention and control across the continuum of care.
3. Establish a comprehensive and coordinated cancer treatment, registration and surveillance service that functions according to set standards.
