8* MOTION- THE COUNTY GOVERNMENT TO ENSURE MAXIMUM UTILIZATION OF COMPLETED PROJECTS

Honorable Speaker, I beg to move the following motion;

THAT, aware that the County Government has invested significant public resources in infrastructure and development projects aimed at improving service delivery and the livelihoods of County residents; **Noting with concern** that several completed projects including health facilities, markets, schools, water boreholes, and roads remain unused, underutilized, or non-operational long after completion; **Concerned that** failure to operationalize completed projects not only denies residents the intended benefits but also leads to wastage of public resources, vandalism, and rapid deterioration of infrastructure; **Further noting that** Article 201 of the Constitution of Kenya emphasizes prudent use of public resources and accountability in public finance management; this House **urges** the County Government to;

i. Conduct a comprehensive audit of all completed but unused development projects across the County.

……./8*

ii. Ensure that relevant County Departments should prioritize the staffing, equipping, commissioning, and integration of completed projects into service delivery frameworks.

iii. Ensure that going forward, no project should be commissioned or considered complete until it is functional, accessible to the public, and integrated into the relevant sector's operational budget.

(Hon. Salim Edung'- Member of County Assembly Representing Segera Ward)

***Denotes Orders of the Day**
