8* MOTION- CONSTRUCTION OF COUNTY MILK DEPOTS

Honorable Speaker, I beg to move the following motion;

THAT, Aware that agriculture, livestock development and value addition are devolved functions of County Governments under Part Two of the Fourth Schedule of the Constitution of Kenya; **Further aware that**, dairy farming is one of the main economic activities for many households in the County, contributing significantly to livelihoods, food security and local economic development; **Concerned that,** dairy farmers continue to face numerous challenges including exploitation by middlemen, lack of proper storage and cooling facilities, post-harvest losses, low farm-gate prices, and inadequate market access; **Noting that,** the establishment of a County Milk Depot will provide a central facility for milk collection, cooling, storage and distribution, improve farmers' bargaining power, reduce wastage, stabilize prices, and promote value addition through processing and marketing; this house **urges** the County Government to;

1. Construct and operationalize the County Milk Depot strategically located to serve farmers equitably.
2. Collaborate with dairy cooperatives, private sector players and development partners to ensure the sustainability of the depot.

3. Develop clear management and operational guidelines to ensure transparency, accountability and equitable access to services by all farmers.

(Hon. Stephen Ndiritu, Member of County Assembly Representing Thingithu Ward)
