8* MOTION- ESTABLISHMENT OF LIVESTOCK REVOLVING FUND POLICY

Honorable Speaker, I beg to move the following motion;

THAT, Aware that livestock keeping is a major source of livelihood for a majority of residents in Laikipia County, especially in the arid and semi-arid areas; **Further aware that** livestock farmers continue to face recurring challenges such as prolonged droughts, outbreaks of livestock diseases, lack of affordable credit facilities, and fluctuating market prices, which greatly affect productivity and household income; **Concerned that** recurrent droughts and disease outbreaks have led to massive losses of livestock, increased poverty levels, and food insecurity among pastoral and agro-pastoral communities; **Noting that** a Livestock Revolving Fund can provide sustainable financial support to farmers by offering low-interest loans or inputs for restocking, veterinary services, and feed acquisition; **Further noting that** collaboration with established Savings and Credit Cooperative Societies (SACCOs) can ensure effective management, transparency, and accessibility of funds at the grassroots level; This house **urges** the County Government to;

1. Establish a Livestock Revolving Fund aimed at providing affordable financial support to livestock farmers for purposes of restocking, purchase of animal feeds, and accessing veterinary services;

(091) **WEDNESDAY 11TH NOVEMBER, 2025 AT 2.30PM**
(207)

2. Collaborate with existing SACCOs and farmer cooperatives within the County to manage and disburse the funds transparently and efficiently; and
3. Develop clear guidelines and eligibility criteria to ensure equitable access and sustainability of the Fund for all livestock farmers across the County.

(Hon. Nicholas Lempaira, Member of County Assembly Representing Mukogodo West Ward)
