8* MOTION- FUNDS TO BE SET ASIDE FOR THE REHABILITATION OF ROADS AFTER THE ELNINO RAINS

Honorable Speaker, I beg to move the following motion;

THAT Noting that elnino is a climate phenomenon characterized by periodic warming of sea surface temperatures in the central and eastern equatorial Pacific Ocean and this above average warming of the ocean temperatures causes changes in weather patterns, such as increased rainfall in the East African region; **Further noting that** the elnino rains have began across the country and have caused tremendous damages including deaths through flash floods in various parts of the country; Aware that during extreme weather events transport infrastructure can be directly or indirectly damaged, posing a threat to human safety, and causing significant disruption and associated economic and social impacts; **Further aware that** heavy rain usually causes overland flow that result in drainage systems exceeding their capacity, and therefore increasing the likelihood of being blocked by debris and trash; **Cognizant of the fact** that flood events affect the transportation network and its connectivity by reducing, deviating, or canceling travel for passengers, goods, and services due to roads being submerged, closed and unsafe for travel;

……/ 8*

This Assembly **urges** the County Government to set aside Kshs 30Million emergency funds to be distributed at Khs 2Million per ward for rehabilitation of all roads that will be damaged by the effects of elnino rains.

(Hon. Daniel Mugweru, Member of County Assembly Representing Umande Ward)
