8* Motion- (Hon. Joseph Kabaci)

Mr. Speaker Sir, I beg to move the following motion;

THAT, aware that Article 43 of the Constitution provides that every person has the right to clean and safe water in adequate quantities; **Further aware that** water harvesting is an important practice for water management; cognizant of the fact that earth-dams and water-pans would play a key role in water harvesting especially in arid and semi-arid areas; **Noting that** a large quantity of run-off water goes to waste in most parts of the county; **Further noting that** this run-off water if properly harvested and managed would be useful for domestic, livestock and irrigation purposes; **Appreciating that** increased infrastructural development especially in roads has led to the mobilization of machineries and human resources in most areas; **Further appreciating that** these civil engineering machineries and personnel can be useful in the construction of earth-dams and water-pans; this House **urges** the County Government through the Department of Transport, Infrastructure and Urban Development to ensure that all road constructions incorporate run-off water harvesting and management mechanisms.

12* Motion- (Hon. Joseph Kabaci)

Mr. Speaker Sir, I beg to move the following motion;

That this house approves the exemption of Standing Order No. 28(1) to allow this house adjourn its sittings for Tuesday 21st March 2017, Wednesday 22nd March 2017 and Thursday 23rd March 2017 and to resume on Tuesday 28th March 2017 at 2.30pm.
