Mr. Speaker Sir, I beg to move the following motion;

Noting that the Public Finance Management Act, 2012 provides for effective and efficient management of public resources; **Further noting** that section 125 of the Act requires the budget process for the County Government in any financial year to consist of an integrated development process which includes long term and short term planning as well as financial and economic priorities for the county over the medium term; **Aware** that the County Government has been submitting the Annual Development Plan indicating the location of the intended Programmes and Projects for all wards or county wide; **Further aware that** there are certain projects that are specific to a certain ward or sub-county due to its uniqueness or priorities; **Cognizant** that doing this will provide for ease of planning, execution and aids in monitoring and evaluation; This

house **urges** the County Government to ensure that the 2017/2018 Financial Year Annual Development Plan Programmes and projects should address the specific requirements for each Ward or Sub-County.
