8* Motion-(Hon. Daisy Maitho)

Mr. Speaker Sir, I beg to move the following motion;

Noting that charcoal is a key bio-energy resource in Kenya, providing domestic energy for 82% of urban and 34% of rural households; **Further noting** that charcoal industry creates employment, it contributes to County's economy and acts as a source of revenue for County Governments; **Aware that** unregulated, free or very cheap sourcing of trees and shrubs for charcoal production causes steady deforestation and environmental degradation; this House **urges** the County Government to establish a charcoal policy for regulating burning and transport of charcoal within and outside the County.

***Denotes Orders of the Day**
